

To whom it may concern: K-LOVE radio plays in intergal part of my life and the lives of many I know. By displacing it with LPFM would be a great disservice for many of us working on keeping our lives focused on God. With so many negative things in life today, it is a great satisfaction to have a place to turn for a positive and encouraging influence. Thank youfor your attention in this matter, and thank you in advance for keeping K-LOVE on the air.
